APPENDICES
APPENDIX 1 – REPORTING OFFICER DELEGATED DECISIONS ............. 154
APPENDIX 2 - PROPER OFFICER PROVISIONS ..................................... 157
1 INTRODUCTION

1.1 Local Choice Functions

These are certain functions which involve a combination of delivery and implementation of the local authority's policy, direct regulation of persons (with substantial discretion as to the regulatory action) and policy and strategy development. An example is pollution control or nuisance abatement, which may involve decisions about resources and overall policy, as well as regulation and enforcement in individual cases. In some cases, responsibility for these functions is divided between the Cabinet and the Council and its Regulatory Committees, according to which aspect of the function is to be dealt with. Local Choice Functions are identified below under each relevant function.

1.2 Delegations to Officers

1.2.1 Listing Delegations

This Scheme defines the functions which are delegated to officers. These officers' powers have to be listed by law. The functions are set out as "Officer Delegations" under headings for each function below. The system of reporting/recording Officers' delegated decisions is set out in the Appendix to this Part of the Constitution.

1.2.2 Consulting Other Officers

Where any decision is delegated to an officer, any officer wishing to exercise that delegated power must if necessary consult any other officer with appropriate professional or technical expertise. In case of doubt about this, the Chief Executive shall decide the issue.

1.2.3 Administrative Functions not requiring formal delegated authority

Formal amendments to the record of officer delegations in this Part will not be needed for officers to carry out any administrative task, that is one which does not involve the exercise of any legal discretion (such as representing the Council at a meeting, or implementing a member level decision already made under this Scheme). However any new formal delegations of legal functions will need to be recorded in this Part, as a requirement of the Access to Information Act (for non-executive functions) or the Access to Information Regulations 2000 (for Cabinet functions).

1.2.4 Acts or decisions by officers other than the Chief Executive, Executive Directors and Service Managers

Delegations to the Chief Executive, Executive Directors, Service Managers or other specified officers, whether of executive or non-executive functions, may
be exercised by superior or subordinate officers determined by the Chief Executive or by the Executive Directors Service Managers or other specified officers under recorded administrative procedures, except in the following cases:

- statutory (and any internal) rules about the separation of tendering and tender evaluation functions under Best Value competition arrangements;
- requirements for any initial internal review of an officer's determination to be carried out by another officer who took no part in that determination (e.g. housing benefits and homelessness decisions);
- where stated otherwise in this Scheme.

1.2.5 Referring Decisions to Members

In the case of any function which is shown in Part 3 as delegated to an officer, that officer may require the appropriate Committee or full Council (in the case of non-executive functions) or the appropriate Cabinet Member (in the case of Cabinet functions) to exercise that function instead of the officer.

But officers may NOT refer to the Employment and General Committee (or to any member) decisions about the appointment, dismissal or initial disciplinary action of staff below second tier level, because regulations say that these functions must be carried out by the Head of Paid Service or his or her nominee. This does not prevent members of Appeals and Regulatory Committee from hearing appeals or grievances.

1.2.6 Officers' Conflicts of Interest - Procedures

Where a conflict of interest or other disability would prevent any officer from properly exercising any delegated function:

For executive functions, the exercise of that function shall be delegated by the appropriate Cabinet Member to another suitable officer or the function shall be exercised directly by the appropriate Cabinet Member him or her self, or passed to the Cabinet. (see Cabinet Procedure Rules).

For non-executive functions the exercise of that function shall either be:
- delegated to another officer by the appropriate committee or subcommittee (or by the full Council in the case of a delegation to an officer direct from the Council) or
- the function shall be exercised directly by the appropriate Committee or sub-committee, or in the case of a delegation to an officer direct from the Council, by the full Council.

1.2.7 Officers' Conflicts of Interest - Identification

Officers should regard themselves as having a conflict of interest or being subject to a disability where any of the following are likely:
• a breach of the employees’ code of conduct (see Part 5 of this Constitution), or
• a breach of any rule of law or
• a breach of this Constitution (including the Codes and Protocols at Part 5)

Officers should also not exercise any delegated power where they could reasonably be considered to have a "disclosable pecuniary interest" under the members Code of Conduct if they were members.

1.2.8 Joint Working and Delivery of Services by Partnerships

Under arrangements set out in Part 2 Article 11 of this Constitution, and in agreements, the council has arranged with other councils for certain of its functions to be carried out by joint arrangements. The following consequential amendments therefore apply to some of the Officer Delegations in this Part 3 and elsewhere in this Constitution

References to the

Chief Building Control Officer shall be read as references to the Business Manager of the BCN Consultancy (Building Control), being an Officer of Chesterfield Borough Council acting within arrangements set out in an agreement for a shared building control service

Head of Internal Audit shall be read as references to the Head of the Internal Audit Consortium, being an Officer of Chesterfield Borough Council acting within arrangements set out in an agreement for a shared internal audit service

The law prevents delegation of discharge of functions (with some exceptions) to a contractor. Where the Council has entered into a contract with e.g. a private sector partner to provide some of its services, relevant functions are delegated to an appropriate Council officer in this Part 3, exercised where necessary after consultation with the contractor (referred to as “Service Provider”).

1.3 Council Committees Passing Decision Making to the Full Council

Any Council Committee may instead of exercising a delegated function pass back the exercise of that function to the full Council subject to the law and any express or implied restriction in this Constitution. In the case of the Council's Licensing Committee functions under the Licensing Act 2003, when committee members are disqualified from dealing with a matter under the 2003 Licensing Act, the matter must be referred to the full council (see Part 2 Article 4 above).

The Cabinet Procedure Rules at Part Four explain how matters which fall outside or between these portfolios may be dealt with.

3.1.3 Cabinet Members' Responsibility for Council Land and Property:

Broadly, each Cabinet Member is responsible for land and property used for the functions within that member’s service area. A list of land and property is included in this Constitution at Appendix 1, to help identify which property falls within which Cabinet Member's service area. The Cabinet Member for Economic Growth has overall responsibility for asset management. The Cabinet may change these responsibilities for land and property as between Cabinet Members.

3.1.4 Decision Making

The Delegation Scheme below shows in detail which functions and decisions are within each Cabinet Member’s portfolio of responsibilities.

Executive decisions by elected members will be made in 4 ways:

<table>
<thead>
<tr>
<th>Decision</th>
<th>Suffix in delegation scheme</th>
</tr>
</thead>
<tbody>
<tr>
<td>Final decisions made collectively in meetings of the Cabinet,</td>
<td>none</td>
</tr>
<tr>
<td>Decisions made collectively in meetings of the Cabinet to recommend the Council to approve a budget, plan or strategy</td>
<td>R</td>
</tr>
<tr>
<td>Decisions made by a Cabinet Member individually</td>
<td>L</td>
</tr>
<tr>
<td>Decisions made by an Cabinet Member individually, after consultation with another Cabinet Member</td>
<td>These are shown below by a reference to consultation with another Cabinet Member</td>
</tr>
</tbody>
</table>

The Cabinet Procedure Rules and Access to Information Procedure Rules describe the detailed procedures for how these decisions are made.

For collective decisions, the appropriate Cabinet Member will approve and refer officer reports to the Cabinet meeting, though such referrals by a Cabinet Member to the Cabinet shall have no legal status as a decision or part of a decision. The decision will be made by the Cabinet itself.

3.1.5 Delegation under Executive Arrangements and by the Leader
The Council has approved the scheme of delegations below and any changes to it must be approved by the full council or Standards and Audit Committee (see Cabinet Procedure Rules) subject to the following:

Section 15 (4) of the Local Government Act 2000 says that where the discharge of a function has not been allocated in this Scheme by the Council (in approving these executive arrangements), the Leader may individually:

- Discharge that function himself or herself, or
- Delegate the discharge of that function to the Cabinet collectively, or to a Cabinet Member individually, or to a sub-committee of the Cabinet or to an officer

These executive arrangements allow the Leader individually to change the responsibility for any function from collective Cabinet responsibility to individual Cabinet Member responsibility (suffix L) and vice versa.

These executive arrangements allow any Cabinet Member (including the Leader) individually to

- Revoke or amend any existing Officer delegations within his or her portfolio (suffix D)
- Delegate any Individual Cabinet Member Delegations (suffix L) to an officer.

Subject to the arrangements for reporting such changes to full council contained in the Cabinet Procedure Rules at Part 4.

The Cabinet Procedure Rules also provide for the temporary transfer of delegations for certain items, for example in order to comply with the Members’ and Officers’ Codes of Conduct.

The Leader may change the content of the portfolio responsibilities of any Cabinet Member, and any such change must then be reported to the full Council.

As a general principle strategic matters are retained as member level decisions and all operational matters within the relevant portfolio are delegated to officers.

REPORTING THE EXERCISE OF OFFICER DELEGATIONS (EXECUTIVE AND NON-EXECUTIVE FUNCTIONS) AND CABINET MEMBER DECISIONS (EXECUTIVE FUNCTIONS ONLY)

Reporting Delegated Action

Executive decisions taken by Cabinet Members under this scheme are reported to Cabinet after the decision has been made, for information and recorded in the Minutes.

Some Officers’ delegated decisions are reported to the Cabinet or other Committees, such as Planning and Licensing, after they have been made. These are officer decisions that meet the criteria set out in Rule 22.3 of the Access to Information Procedure Rules in Part 4. Officer decisions are also published on the Council’s website. Some other officer decisions are published and available on the council’s website in accordance with the Openness of Local Government Bodies Regulations 2014.
APPENDIX 2

PROPER OFFICER PROVISIONS
(INCLUDING OTHER STATUTORY OFFICER RESPONSIBILITIES)

Notes:

1. Under the terms of the Local Government Act, 1972 (or other statute mentioned) a “proper officer” has been appointed in relation to certain statutory provisions. In the event of any proper officer being for any reason unable to act or of any of post being vacant, the officer specified as reserve in the Table is appointed to act in his or her stead for the purpose of any appointment mentioned:

2. Section 270(3) of the 1972 Act refers to an officer appointed “for that purpose.” A specific reference to the purpose is accordingly an intrinsic part of the appointment of a proper officer (See Circular No. 111/73). The 1972 act repealed the provision of the 1933 Act authorising the appointment of standing deputies to chief officers. An express appointment of a deputy to the proper officer should accordingly be made.

END OF PART THREE

1 The modular constitutions recommend that delegations of local choice functions of the executive and of the Council be shown together in a separate section of Part 3 of the Constitution. In this Part Local Choice Functions of the executive and of the Council are identified as such wherever they occur in the Scheme.

2 Knowles Local Authority Meetings pp. 52-53.

3 Local Authorities (Standing Orders) (England) Regulations 2001: Subject to paragraphs 3 and 7, the function of appointment and dismissal of, and taking disciplinary action against, a member of staff of the authority must be discharged, on behalf of the authority, by the officer designated under section 4(1) of the 1989 Act (designation and reports of head of paid service) as the head of the authority's paid service or by an officer nominated by him.

4 Approved by Council 12th October 2016
Statutory Guidance contained in Chapter 5 of the Local Government Act 2000: Guidance to English Local Authorities states: “5.18 The Secretary of State considers that full exchange of information between the executive and any committee which takes development control decisions is essential. The executive will need to ensure that there is effective two-way communication between them and any such committee and should consult any such committee on successive drafts of the Development Plan while policy is being formulated. In addition, local authorities should consider including a member of the executive, if possible with responsibility for the Development Plan, on one or more committees which take development control decisions although she or he should not normally be the chair.”

Except for the Development Plan [and Conservation Area] functions which are executive functions.

For avoidance of doubt this includes determination of details and reserved matters.

R. V Harrow LBC ex p Carlton-Conway 2001 46 E.G. 179 - a decision of the Chief Planning Officer of the Defendant Council to grant planning permission where he approved development. A written objection had been received, but he reasonably concluded that the proposals did not conflict with “agreed policies, standards and guidelines” of the Council as reasonably interpreted by him, was within his delegated authority.

Delegation approved by Planning Committee 4\(^{th}\) December 2006

except for the designation or extension of Conservation Areas under Part Two of the LBA, which are within the responsibilities of the Cabinet Member for Economic Growth

For enforcement in relation to listed buildings see section on Listed Buildings and Conservation Areas

Former planning committee delegation P540 Power to require the discontinuance of deemed consent for an advertisement or advertisement site - deleted - Planning Committee 4/12/06 (Regulation 8 of the COAR 1992

Approved by Planning Committee 29/11/04

These are non-executive highways functions listed in Schedule 1 to the Local Authorities (Functions and Responsibilities)(England) Regulations 2000 and in Schedule 1 to the Local Authorities (Functions and Responsibilities)(England)(Amendment) Regulations 2001.

Section 113 of the Local Government Finance Act 1988 provides that the holder of such posts must be members of specified accountancy bodies.

Section 114 of the 1988 Act places a specific duty on the responsible officers under this section to make a public report in specified cases of actual or anticipated financial misconduct.

Approved by Joint Cabinet and Employment and General Committee 7\(^{th}\) November 2006. For flexible retirement of staff BELOW Service Head level, see separate officer delegation below

Approved by Joint Cabinet and Employment and General Committee 7\(^{th}\) November 2006

The power to approve absences in section 85 of the 1972 act is an executive function, formerly within the terms of reference of Standards Committee and now in the Cabinet Member for Customers and Communities’.

Approved by full council on 17\(^{th}\) December 2003.

This is not a statutory rule but it is included in our constitution here because of the likelihood of applications for planning consent and for an alcohol licence for the same premises. A member dealing with the licensing application would be likely not to have an “open mind” when dealing with a planning application for the same premises.

The procedures for hearings will be in accordance with the provisions contained in the 2003 Act and Regulations made thereunder. The procedures will be approved by the Committee and apply to hearings before the Committee or any Sub-Committee.

Licensing Act 2003 section 7(9)
This includes, where applicable, the grant, refusal, variation, transfer, cancellation and revocation of licences, certificates etc and the imposition of conditions.

As defined in the 2003 Act.

Where no relevant representations or objections have been made, the application must be granted.

See Footnote 7.

Where the police have not objected, the application must be granted.

This includes inspections in connection with a relevant application prior to a licence or certificate being granted or when a temporary event notice has been given. It also includes exercising rights of entry to premises to investigate licensable activities.

There are certain functions which cannot be delegated to officers. Generally, these are licensing matters where relevant representations or objections have been made.

This is subject to any resolution made by the full Council under section 166 of the 2005 Act not to grant casino premises licences.

This includes, where applicable, the grant, refusal, variation, transfer, cancellation and revocation of licences, certificates etc and the imposition of conditions.

“Premises Licence” means any of the following: casino premises licence, regional casino premises licence, large casino premises licence, small casino premises licence, bingo premises licence, adult gaming centre premises licence, family entertainment centre premises licence and betting premises licence.

Representations can be made by Responsible Authorities and/or Interested Parties as defined by sections 157 and 158 of the 2005 Act unless otherwise stated.

“Responsible Authorities” as defined by section 157 of the 2005 Act.

Schedule 2 para 2 of the Local Authorities (Functions and Responsibilities) (England) Regulations 2000, says the determination of an appeal against any decision made by or on behalf of the authority is a Local Choice function which may be carried out by the Cabinet or by the Council (or council committee or officer). In line with guidance 5.27 In determining the extent to which these functions are to be the responsibility of the executive local authorities should follow the approach adopted in para. 5.8 : functions which involve either determining an application from a person for a licence, approval, consent, permission or registration or direct regulation of a person (except in cases where there is only limited discretion in the discharge of the function) together with any related enforcement actions (including prosecution) are not to be the responsibility of the executive; The same reasoning applies to the other Local Choice functions below.

A160D is the reference to reviews of decisions where the applicant is a sex offender or a serious offender - in such cases the reviews are by Housing service managers in consultation with the Cabinet Member for Customers and Communities.

A090 is the reference to carrying out reviews of decisions under the homelessness legislation.

The Regulations stipulate one situation where the opportunity of an oral hearing must be offered to the applicant. If the reviewer considers that there is a deficiency or irregularity in the original decision, or in the manner in which it was made, but is minded nonetheless to make a decision which is against the interests of the applicant, the reviewer shall notify the applicant that the reviewer is so minded and the reasons why and inform the applicant that he or she, or someone acting on his or her behalf, may make representations to the reviewer orally or in writing or both orally and in writing. This is the only situation where the possibility of an oral hearing before the reviewer will arise; otherwise all reviews will be conducted by means of written representations.

The Regulations stipulate the officer who reviews a decision has to be senior in rank to the original decision maker.

This is a Mandatory Council Function – s112 LGA 1972.

This is restricted to licensing functions because only those functions are specified as Mandatory Council Functions.

This excludes the functions of seizing, retaining, destroying or otherwise disposing of wild animals;
These functions are Mandatory Council Functions. The 1960 Act system of licensing caravan sites operates separately from, but supplements, the planning system. Conditions which would be imposed on planning permission generally concern the effect of the site on the surrounding area, and the conditions on a site licence under the 1960 Act generally concern the internal arrangements of the site. Appeals under the 1960 Act go to the magistrates (not the Secretary of State).

Guidance says 5.22....all health and safety at work functions, where the local authority is regulating other businesses, must...not be the responsibility of the executive. This includes some licensing functions such as the powers to licence storage of petroleum and to licence and close premises for the keeping and selling of explosives. See the Cabinet Member for Finance and Governance's development's portfolio (below) for Health and Safety at Work matters for the Council's employees.

The appropriate Cabinet Member is the Cabinet Member responsible for the land or property concerned as shown at Appendix 1. “Land” is defined as including buildings (see Definitions Section).

In relation to estate covenants, the Cabinet approved the following guidelines That the Council take action in respect of breaches of estates covenants only after taking into account: costs to the Council of such action; and the interests of the residents affected; and the Council’s own corporate interests; and any alternative remedies; and any other relevant factors. 10/05/05

Guidance para 5.18 In addition, the powers to require information as to interests into land in section 330 of the Town and Country Planning Act 1990 and section 16 of the Local Government (Miscellaneous Provisions) Act 1976 are specified in Schedule 2 to the Regulations as a “local choice” function. 5.19 Using the powers in section 13(4) and 13(5) of the Act a local authority’s executive arrangements should provide that these functions to require information as to interests into land are not to be the responsibility of the executive except to the extent that it is necessary to exercise these powers in respect of actions which are preliminary to the exercise of powers to make compulsory purchase orders.

The Annex to the DETR Guidance on the power of well-being (March 2001) says: Under a new constitution which includes executive arrangements, the executive – as the clear, accountable, corporate leadership for the council – will lead the search for best value and be the focus for partnership working with other local public, private and voluntary sector bodies. As such, the power in section 2 of the 2000 Act is the responsibility of the executive under executive arrangements,
and is subject to all the same legislation as any other function which is the responsibility of the executive. This means that, unless the executive is minded to use the power in a manner which is contrary to the council’s policy or budgetary framework, then **only the executive can determine how the power is to be exercised.**

Decisions which are contrary to the policy and budgetary framework must, under executive arrangements, be taken by the full council.

63 31A(1) Subject to subsection (3) below, any power of authority to have their functions discharged by any person or body of persons acting for the authority shall, as respects the consideration of a further report of the Local Commissioner under section 31(2A) above, be subject to the restriction that, if it is proposed that the authority should take no action on, or not the action recommended in, the report, consideration of the report shall be referred to the authority.

31 (2A) In the case of a local authority which are operating executive arrangements, consideration of a further report of the Local Commissioner under section 31(2A) above by the executive of that local authority, or any person on behalf of that executive, shall be subject to a corresponding restriction.

31(5A) In the case of a local authority which are operating executive arrangements -
(a) no member of the executive of that authority shall decide; and
(b) no member of the executive or any body acting on behalf of that executive shall vote on any question with respect to a report or further report under this Part of the Act in which he is named and criticised by a Local Commissioner.

71 The approval for consultation of the Local Plan is a full Council function (see Article 4 of this constitution). See Reg 2 of Statutory Instrument 2001 No. 2212 The Local Authorities (Functions and Responsibilities) (England) (Amendment) Regulations 2001

It may be difficult to see which parts of or actions under these functions would NOT be regulatory or strategic and which, not being such, would consequently be executive functions under this Cabinet Member delegation. However the definition of local choice regulatory function emphasises the direct regulation of a person, or enforcement of that direct regulation. An example of an executive function under this delegation could be decisions about the resourcing or funding of inspections or enforcement generally. However if those decisions were part of a plan or strategy, it may be that they would be formulated by the Cabinet for approval by the full council. It is also possible that the approval of a general policy of inspection or enforcement (as opposed to operational implementation of that policy in individual cases) would be an executive decision.

Section 1 of the Anti-social Behaviour Act 2003
Section 41(2)(b) of the 2003 act expressly allows the "reasonable belief" to be that of the environmental health officer authorised by the chief executive.

These delegations were transferred from Appeals and Licensing Committee, because these functions are not mandatory non-executive functions and cannot be Local Choice non-executive functions, because they are not licences granted by the authority – they are granted by the Magistrates, and the authority has a right to object to the magistrates. Therefore they are executive (Cabinet) functions. They could be included in another portfolio, but are included here under miscellaneous public health. The Cabinet Member would decide if an objection is to be made, otherwise the Environmental Health Manager can agree to the application,

A senior police officer can, with the consent of the local authority make an authorisation in respect of a "designated area", if satisfied that significant and persistent anti-social behaviour has occurred. Police officers can then exercise the powers summarised above for up to 6 months.

on 21/10/08, Cabinet resolved "That the provisions of the General Consent 2008, enabling Council's to impose a condition requiring the repayment in full or in part of a DFG should the recipient dispose of the adapted property within 10 years of the certified date of completion of the grant works, be applied in all cases where:

- an application for a DFG is approved on or after 30 November 2008,
- the value of the DFG is for £5,000 or more; and
- the recipient of the DFG has a qualifying owner's interest in the premises.

That authority to determine whether or not the repayment of grant should be made in individual cases be delegated to the Cabinet Member for [Housing]."

See cabinet Report 20/06/06 para 3.3: In January 2005, the Government published some guidance to local authorities and other public sector landlords on the use of discretionary powers on repayment of discount. The guidance states that the discretion to demand less than the full amount of discount owing, or to waive repayment in full, should only be used in exceptional circumstances and only where the former tenant cannot afford to repay part or all of the discount. The guidance states that discretion is most likely to be justified in circumstances where repayment would lead to demonstrable personal hardship. The guidance further states that, in each case, it will normally be necessary to establish both the facts justifying a move, and that such a move could not take place unless part or all of the repayable discount were to be waived:

This delegation applies in cases where the "normal" application of the allocation policy rules is displaced.

It is assumed that this delegation will allow Housing service manager to apply the Allocations Policy both in "normal" and in "exceptional" cases, except for those exceptional cases reserved for Cabinet decision at the delegation ref. above.

SO.173(4) gave the CHM power "To vary, when appropriate, allocation rules for Council bungalows". This has not been repeated here, because the Allocations Policy itself says that there is an exception to the normal bungalow allocation rules, and the CHM already has power to operate the Allocations policy (allocations Policy Pink Cover page 19 and Green Cover page 18)

The limit in the earlier version of this delegation was revoked by the Cabinet in March 2002. It was so long as the annual value is not more than 5% of the total value of Internal and External Provision of emergency alarms, as defined by Standing Orders.

The Re-Use of Public Sector Information Regulations 2005 implement an EU directive that encourages the re-use of public information for purposes other than its original purpose. The aim is to stimulate the European information industry and enable companies to use such information for commercial purposes. The Regulations do not require public bodies to make their information available for re-use and do not oblige them to create, adapt or continue to produce certain documents so that others may re-use them. They do however, set out the following rules that public bodies must follow if they allow information to be re-used. 1 publish a list of the main documents which can be re-used 2 publish any standard conditions (licence) associated with re-use 3 publish any standard charges associated with re-use 4 operate a request procedure 5 operate a complaints/appeal procedure. The Regulations apply to any recorded information, including whole documents or parts of documents. There are some exemptions to the regulations, e.g. Educational or cultural establishments; intellectual property that rests with a third party; information that is exempt under Freedom of Information, Data Protection and other legislation.
Guidance says 5.22 that all health and safety at work functions, where the local authority is regulating other businesses, must not be the responsibility of the executive. This includes some licensing functions such as the powers to licence storage of petroleum and to licence and close premises for the keeping and selling of explosives. Responsibility for health and safety for the local authority as an employer must be the responsibility of the executive. The Appeals and Regulatory Committee is responsible for regulation of health and safety at work functions, where the local authority is regulating other businesses. This Cabinet executive function relates only to the Health and Safety at Work Act responsibilities of the Council as an employer. However the power to appoint staff, and to determine the terms and conditions on which they hold office (including procedures for their dismissal) is a mandatory non-executive function under the Local Authorities (Functions and Responsibilities) (England) (Amendment) Regulations 2001, so this responsibility of the Cabinet should not extend to health and safety at work matters insofar as they relate to deciding or changing terms and conditions of employment of staff.

The GP:GS delegations were approved by Council on 16th December 2015. The power to appoint staff, and to determine the terms and conditions on which they hold office (including procedures for their dismissal) is a mandatory non-executive function under the Local Authorities (Functions and Responsibilities) (England) (Amendment) Regulations 2001.

The power to appoint staff, and to determine the terms and conditions on which they hold office (including procedures for their dismissal) Section 112 of the Local Government Act 1972 is a mandatory non-executive function. This Cabinet function should be confined to decisions about officer structures and establishments and should not involve any decision about appointment to posts or the terms of specific appointments.

Although the Power to appoint staff, and to determine the terms and conditions on which they hold office (including procedures for their dismissal). Section 112 of the Local Government Act 1972 is a mandatory non-executive function, this function of responding generally to NATIONAL claims has been kept as an executive function because it does not directly determine terms and conditions although such responses may indirectly affect those terms and conditions when the national negotiations have been completed.

Section 3A was added by section 138 of the Local Government and Public Involvement in Health Act 2007.

This is the “appropriate officer”, which by s.67(7) is the returning officer (for parliamentary elections) and the “proper officer” for local elections.

This is not strictly a “proper officer” provision, but the Council must appoint one and may appoint a Deputy. Employment and General Committee appoints these under EC810 of our Constitution.

References to the Chief Building Control Officer shall be read as references to the Business Manager of the BCN Consultancy (Building Control), being an Officer of Chesterfield Borough Council acting within arrangements set out in an agreement for a shared building control service.

The abolition of the statutory officers has necessitated an alternative method of identifying the officer responsible for a particular function; for example, where earlier legislation referred to the clerk, the Act of 1972 uses the phrase “proper officer.” By s.270(3) any reference to a proper officer in relation to any purpose and any local authority or other body or any area is to be construed as a reference to an officer appointed for that purpose by that body or for that area. Sched. 29, para. 4(1), of the Act converts in earlier enactments, or instruments made under them, references to a specified officer of a local authority into references to the proper officer of the local authority.
