Sample Questionnaire	

Introduction

1.1 Research Background & Objectives

To conduct a survey amongst residents in the Chesterfield, Bolsover and North East Derbyshire areas to assess shopping habits for main food and grocery, top-up, non-food shopping and leisure activities. Respondents were also asked for their opinions on the centre they visit the most often.

1.2 Research Methodology

A total of 1,400 telephone interviews were conducted between Tuesday 19th July 2016 and Thursday 8th September 2016. A further 71 interviews were conducted between Tuesday 28th March 2017 and Wednesday 29th March 2017. Interviews were conducted using NEMS in-house CATI (Computer Assisted Telephone Interviewing) Unit. Respondents were contacted during the day and in the evening. All respondents were the main shopper in the household, determined using a preliminary filter question.

1.3 Sampling

1.3.1 Survey Area

The survey area was segmented into 14 zones, defined using postcode sectors. The zone details were:

Zone	Postcode Sectors	Number of Interviews
Zone 1 - Chesterfield West	S40 1, S40 2, S40 3, S40 4	106
Zone 2 - Chesterfield East	S41 0, S41 7, S41 8, S41 9	105
Zone 3 - Staveley / Brimington	S43 1, S43 2, S43 3	106
Zone 4 - Dronfield	S8 7, S8 8, S17 3, S17 4, S18 1, S18 2, S18 3, S18 4, S18 7, S18 8	105
Zone 5 - Eckington / Killamarsh	S12 3, S20 3, S20 4, S20 5, S21 1, S21 2, S21 3, S21 4, S21 5	106
Zone 6 - Peak District Fringe	S42 7, S45 0	103
Zone 7 - Clay Cross	DE55 5, DE55 6, S42 5, S42 6, S45 8, S45 9,	105
Zone 8 - Alfreton	DE55 4, DE55 7	106
Zone 9 - South Normanton	DE55 2, DE55 3, NG16 6	106
Zone 10 - Mansfield Fringe	NG17 1, NG17 2, NG17 3, NG17 6, NG19 7	106
Zone 11 - Bolsover	NG19 8, NG20 8, NG20 9	105
Zone 12 - Shirebrook	S26 7, S43 3	106
Zone 13 - Clowne	S80 3, S80 4	101
Zone 14 - Whitwell / Cresswell	S40 1, S40 2, S40 3, S40 4	105
Total		1,471

1.3.2 Telephone Numbers

All available telephone numbers are used to obtain the sample of interviews. This includes published telephone numbers (land-lines and some mobile numbers) but is supplemented with ex-directory numbers as the demographic profile of this sub-set is different to the demographics of the published numbers sample. Ex-directory numbers are randomly generated using the published numbers as a 'seed'. Business numbers are de-duped and excluded.

We don't screen against the TPS (Telephone Preference Service) database, again because the demographic profile of TPS registered numbers is slightly different to the rest of the population. In addition, there is no legal requirement to screen against TPS registered numbers; market research is not classified as unsolicited sales and marketing.

1.3.3 Sample Profile

It should be noted that as per the survey's requirements, the profile of respondents is that of the main shopper / person responsible for most of the food shopping in the household. As such it will always differ from the demographic profile of all adults within the survey area. With any survey among the main shopper / person responsible for most of the food shopping in the household the profile is typically biased more towards females and older people. The age of the main shopper / person responsible for most of the food shopping in the household is becoming older due to the financial constraints on young people setting up home.

A number of measures are put in place to ensure the sample is representative of the profile of the person responsible for most of the food / shopping in the household.

First of all, interviewing is normally spread over a relatively long period of time, certainly longer than the theoretical minimum time it would take. This allows us time to call back people who weren't in when we made the first phone call. If we only interview people who are at home the first time we call, we over-represent people who stay at home the most; these people tend to be older / less economically active.

We also control the age profile of respondents; this is a two-stage process. First of all, we look at the age profile of the survey area according to the latest Census figures. Using a by-product from additional data we collect from a weekly telephone survey of a representative sample of all adults across the country we know the age profile of the main-shopper in any given area. This information is

from data based on in excess of 100,000 interviews and is regularly updated and is therefore probably the most accurate and up to date information of its kind.

Stratified random sampling helps ensure that the sample is as representative as possible. While the system dials the next random selected number for interviewers, all calls are made by interviewers; no automated call handling systems are used.

1.3.4 Time of Interviewing

Approximately two-thirds of all calls are made outside normal working hours.

1.3.5 Monitoring of Calls

At least 5% of telephone interviews are randomly and remotely monitored by Team Leaders to ensure the interviewing is conducted to the requisite standard. Both the dialogue and on-screen entries are monitored and evaluated. Interviewers are offered re-training should these standards not be met.

1.4 Weightings

To correct the small differences between the sample profile and population profile, the data was weighted. The population is of the main shopper in the household. Weightings have been applied to age bands based on an estimated age profile of main shoppers (see section 1.3.3 for details). The weighted totals differ occasionally from the adjusted population due to rounding error. Details of the age weightings are given in the table below:

Age	Main Shopper Profile (%)	Interviews Achieved	Age Weightings
18-34	18.95%	40	6.7199
35-44	17.14%	126	1.9308
45-54	18.54%	358	0.7354
55-64	18.74%	239	1.1135
65+	26.63%	657	0.5756
(Refused)	n/a	51	1.0000
Total		1,471	

Further weightings were then applied to adjust zone samples to be representative by population. Details of those weightings are given in the table below:

Zone	Population *	Interviews Achieved	Interviews Achieved (Weighted by Age)	Zone Weightings
1	35,398	106	100	1.2344
2	36,402	105	118	1.0792
3	29,784	106	99	1.0588
4	65,443	105	114	2.0162
5	39,670	106	95	1.4648
6	6,407	103	79	0.2849
7	50,931	105	105	1.6947
8	18,043	106	98	0.6435
9	22,407	106	111	0.7043
10	39,087	106	108	1.2717
11	21,700	105	104	0.7276
12	27,108	106	146	0.6527
13	15,579	101	92	0.4758
14	14,908	105	102	0.5138
Total	422,867	1,471		

* Source: Census 2011

1.5 Statistical Accuracy

As with any data collection where a sample is being drawn to represent a population, there is potentially a difference between the response from the sample and the true situation in the population as a whole. Many steps have been taken to help minimise this difference (e.g. random sample selection, questionnaire construction etc) but there is always potentially a difference between the sample and population – this is known as the standard error.

The standard error can be estimated using statistical calculations based on the sample size, the population size and the level of response measured (as you would expect you can potentially get a larger error in a 50% response than say a 10% response simply because of the magnitude of the numbers).

To help understand the significance of this error, it is normally expressed as a confidence interval for the results. Clearly to have 100% accuracy of the results would require you to sample the entire population. The usual confidence interval used is 95% - this means that you can be confident that in 19 out of 20 instances the actual population behaviour will be within the confidence interval range.

For example, if 50% of a sample of 1,471 answers “Yes” to a question, we can be 95% sure that between 47.4% and 52.6% of the population holds the same opinion (i.e. +/- 2.6%). The following is a guide showing confidence intervals attached to various sample sizes from the study:

%ge Response	95% confidence interval
10%	±1.5%
20%	±2.0%
30%	±2.3%
40%	±2.5%
50%	±2.6%

1.6 Data Tables

Tables are presented in question order with the question number analysed shown at the top of the table. Those questions where the respondent is prompted with a list of possible answers are indicated in the question text with a suffix of [PR].

The sample size for each question and corresponding column criteria is shown at the base of each table. A description of the criteria determining to whom the question applies is shown in italics directly below the question text; if there is no such text evident then the question base is the full study sample. If the tabulated data is weighted (indicated in the header of the tabulations), in addition to the sample base, the weighted base is also shown at the bottom of each table.

Unless indicated otherwise in the footer of the tabulations, all percentages are calculated down the column. Arithmetic rounding to whole numbers may mean that columns of percentages do not sum to exactly 100%. Zero per cent denotes a percentage of less than 0.05%.

Percentages are calculated on the number of respondents and not the number of responses. This means that where more than one answer can be given to a question the sum of percentages may exceed 100%. All such multi-response questions are indicated in the tabulated by a suffix of [MR] on the question text.

Where appropriate to the question, means are shown at the bottom of response tables. These are calculated in one of two ways: if the data is captured to a coded response a weighted mean is calculated and the code weightings are shown as a prefix above the question text; if actual specific values were captured from respondents these individual numbers are used to calculate the mean.

Chesterfield, Bolsover and NE Derbyshire Retail & Leisure Needs Assessment Survey

Good morning / afternoon / evening, I am from NEMS market research, an independent market research company, and we are conducting a short survey in the Derbyshire area about shopping and leisure habits. Do you have time to answer some questions please? It will take about 6-7 minutes

QA Are you the person responsible for the main food shopping in your household?

Yes
No

IF 'YES' – CONTINUE INTERVIEW.
IF 'NO' – ASK, COULD I SPEAK TO THE PERSON WHO IS RESPONSIBLE FOR MOST OF THE FOOD SHOPPING, IF NOT AVAILABLE THANK AND CLOSE INTERVIEW

Q01 Where did you last undertake your main food and grocery shopping?
DO NOT READ OUT. ONE ANSWER ONLY.

#Conven Convenience List
234 (Don't do this type of shopping)

CLOSE

Q01A Which other centre or store, if any, do you visit for your main food shopping?
DO NOT READ OUT. ONE ANSWER ONLY.

#Conven Convenience List
234 (Don't visit more than one store)

ASKED TO THOSE WHO SAID "INTERNET / DELIVERY" AT Q01A

Q02 For your last main food internet / home delivery shopping order, how did you receive your goods?
DO NOT READ OUT. ONE ANSWER ONLY.

1 Collection at store
2 Home delivery
3 Delivery to place of work
4 Collection at click and collect hub (non-store location)
5 Collection at other location (PLEASE WRITE IN)
6 (Don't know / varies)

ASKED TO THOSE WHO SAID "INTERNET / DELIVERY" AT Q01A

Q02A Which retailer do you purchase your main food internet / home delivery shopping from?
DO NOT READ OUT. ONE ANSWER ONLY.

1 Asda
2 Morrisons
3 Iceland
4 Sainsbury's
5 Tesco
6 Ocado
7 Other (PLEASE WRITE IN)
8 (Don't know / varies)

Q03 What is the main reason you choose (STORE MENTIONED AT Q01) to do your main food and grocery shopping?

DO NOT READ OUT. ONE ANSWER ONLY

1 Accessibility by public transport
2 Car parking prices
3 Car parking provision
4 Choice of food goods available
5 Choice of shops nearby selling non-food goods
6 Choice of shops selling food goods
7 Cleanliness
8 Delivery service
9 Easy to get to by car
A Entertainment / events
B Good internal layout
C Good service / friendly staff
D Habit / always use it / preference for retailer
E Internet shopping is convenient

GEN Gender of respondent.

DO NOT READ OUT. CODE FROM OBSERVATION

- 1 Male
- 2 Female

AGE Could I ask, how old are you?

DO NOT READ OUT. ONE ANSWER ONLY.

- 1 18 – 24 years
- 2 25 – 34 years
- 3 35 – 44 years
- 4 45 – 54 years
- 5 55 – 64 years
- 6 65+ years
- 7 (Refused)

OCC What is the occupation of the main income earner in the household?

IF RETIRED ASK FOR PREVIOUS OCCUPATION

- 1 Occupation (PLEASE WRITE IN)
- 2 Retired state pension - ONLY
- 3 (Refused)

GO TO EMP
GO TO HOM
GO TO HOM

EMP Is the chief wage earner in full-time or part-time employment?

DO NOT READ OUT. ONE ANSWER ONLY

- 1 Full-time
- 2 Part-time
- 3 Retired - private company pension
- 4 Other (PLEASE WRITE IN)
- 5 (Refused)

ADU How many adults, including yourself, live in your household (16 years and above)?

DO NOT READ OUT. ONE ANSWER ONLY.

- 1 One
- 2 Two
- 3 Three
- 4 Four or more
- 5 (Refused)

CHI How many children aged under 16 years old are there living in your household?
DO NOT READ OUT. ONE ANSWER ONLY.

- 1 None
- 2 One
- 3 Two
- 4 Three
- 5 Four or more
- 6 (Refused)

CAR How many cars does your household own or have the use of?
DO NOT READ OUT. ONE ANSWER ONLY.

- 1 None
- 2 One
- 3 Two
- 4 Three or more
- 5 (Refused)

HOM Do you own your own home?
DO NOT READ OUT. ONE ANSWER ONLY

- 1 Yes
- 2 No
- 3 (Refused)

ETH To ensure we get a representative sample can I please ask what you consider your ethnicity to be?
DO NOT READ OUT. ONE ANSWER ONLY.

- 1 White
- 2 Indian
- 3 Pakistani
- 4 Bangladeshi
- 5 Other Asian
- 6 Black Caribbean
- 7 Black African
- 8 Other Black
- 9 Chinese
- A Mixed race
- B Other ethnic group (PLEASE WRITE IN)
- C (Refused)

Thank & close.

Notes:

- Gross floorspace derived from StorePoint database, Council records or Nexus Planning assessment
- Net floorspace derived from StorePoint database or Council records where available or based on Nexus Planning professional judgement (generally assumed to be 70% of gross floorspace for smaller stores where not specifically known)
- Proportion of net floorspace derived from typical company split between convenience and comparison floorspace as identified by Verdict UK Food & Grocery Retailers 2015 with the exception of large food superstores (i.e. over 4,000 sq.m net sales area) which are assumed to have approximately 60:40 split in favour of convenience goods and local foodstore which are assumed to have 95% of net sales dedicated to convenience. Aldi and Lidl are assumed to have 80% of net sales dedicated to convenience goods, which correlates with our experience elsewhere
- Sales densities relate to the monetary turnover of each square metre of net sales area and are derived for all retailers except Lidl and Aldi from Verdict UK Food & Grocery Retailers 2015, and for Lidl and Aldi from Mintel Retail Rankings 2015.
- It has been assumed that all unnamed and local convenience stores within a centre (including B&M, Bargain Booze, Budgens, Costco, Heron Foods, One Stop) are 'trading at equilibrium' (i.e. their 'benchmark' turnover equates to that identified by the survey)
- Survey derived performance of stores calculated by adding together 'main' and 'top up' turnover as set out in Table 4

Appendix E | Opportunity Sites

Site 1		Sherwood Lodge, Bolsover
		
Location	Former Bolsover Council Offices, located off Oxcroft Lane to the north of Bolsover town centre.	
Approximate Size	3.3 hectares.	
Suitability		
Existing Use	Former Bolsover Council Offices.	
Key Planning History	Planning permission reference 12/00324/FULMAJ provides for the demolition of the existing Council offices and dwelling houses to provide a foodstore (3,296 sq.m gross and 1,834 sq.m net sales), petrol filling station, service yard, car parking and associated works. The foodstore was to be occupied by Morrisons, but it announced its intention to withdraw from the development in 2015. Rothstone Estates held a public exhibition to set out a proposal to develop the site for a mid-sized foodstore and four additional retail units in October 2017.	
Site Status	Edge of centre. Not allocated for any particular purpose by the adopted Bolsover District Local Plan Proposals Map (2000).	
Potential Site Constraints	The principal access to the site is via Oxcroft Lane, which is one way and relatively narrow in places. Notwithstanding this, the existing planning permission has established that satisfactory access can be achieved for a large-scale retail development.	
Potential Planning Constraints	Well located edge of centre site, which represents the sequentially preferable opportunity for large scale retail development in the town. The site is located within the Bolsover Conservation Area and the 19 th Century Sherwood Lodge is a locally listed building. The Town <i>Intrenchment</i> is situated to the north of the site.	
Nature of Opportunity	The site remains an important opportunity to provide an increase in Bolsover's shopping offer and increase the retention of expenditure in the town.	
Availability		
Ownership	The site is believed to be in the control of Rothstone Estates.	
Land Assembly / CPO	Site has been assembled.	
Timescale for Availability	Demolition currently underway. The site is available for redevelopment.	
Viability		
Potential for Redevelopment	The site provides a significant opportunity to materially improve Bolsover's offer and attract additional national multiple operators to the town. As such, the site's redevelopment is considered of importance to the town centre's future vitality and viability, and to provide for more sustainable shopping patterns.	
Other Viability Issues	We understand that Rothwell Estates is discussing its revised proposal with key operators, and a foodstore anchor is likely to be key in ensuring a viable form of development.	
Wider Context and Other Local Opportunities		
Competing Proposals	We are unaware of any directly competing proposals.	
Other Local Opportunity Sites	Planning permission was granted in 2012 for the redevelopment of Middle Street Car Park to accommodate a range of public service providers including Bolsover District Council, the Derbyshire Constabulary, the Derbyshire & Nottinghamshire Chamber of Commerce, and the Community Voluntary Partnership (planning permission reference 12/00323/FULMAJ). We understand that this development is not now being pursued and we believe that Middle Street Car Park continues to have potential for redevelopment (subject to parking requirements).	
Conclusion		
<p>Sherwood Lodge remains the principal redevelopment opportunity to extend the town centre and materially improve its offer. The town is currently underprovided for in respect of both its convenience and comparison goods shopping offer, and as a consequence a large proportion of expenditure which is generated in the area is spent elsewhere. Accordingly, bringing forward the Sherwood Lodge development should be the key priority to underpin the health of the town centre.</p>		

Site 2		Portland Road, Shirebrook	
			
Location	Land off Portland Road, to the south east of Shirebrook town centre.		
Approximate Size	1.1 hectares.		
Suitability			
Existing Use	Playground and informal recreation land.		
Key Planning History	<p>The site has been the subject of previous interest for retail development, with planning permission reference 11/00262/FULMAJ providing for the site's redevelopment (together with the adjacent White Swan public house, residential dwellings and car parks) for a Tesco superstore together with 14 small retail units. Planning permission for the development was granted in January 2012, but Tesco announced in 2015 that it would not proceed with the development. Subsequent to this, in May 2017, planning permission was granted for a Lidl foodstore on the White Swan part of the site (planning permission reference 16/00345/FUL), and a further application which provides for revisions to the approved Lidl scheme was submitted in September 2017 (planning application reference 17/00470/FUL). The playground site remains available for development.</p>		
Site Status	Edge of centre. Identified as Existing Outdoor Playing Space and Amenity Open Space by the adopted Bolsover Local Plan Proposals Map (2000). However, this policy does not necessarily preclude development (provided certain criteria are met).		
Potential Site Constraints	The site is of an irregular shape and is relatively narrow in the middle. It may be the case that the northern part of the site is best suited to retail or leisure uses and the southern part (which is less proximate to existing facilities in the town centre) may be suited to residential development.		
Potential Planning Constraints	Well located edge of centre site, the redevelopment of which may provide for linked trips with the Lidl scheme (currently being developed) and existing town centre provision. The site's designation as Existing Outdoor Playing Space and Amenity Open Space represents the principal planning constraint to be addressed.		
Nature of Opportunity	Subject to operator interest, the site represents an opportunity to expand the offer of Shirebrook town centre. However, the opportunity is of a limited size and may appeal only to a limited range of operators; in the current market such operators may include discounters (such as B&M Bargains, Home Bargains and so on), and food & drink operators (most likely in a drive-thru format).		
Availability			
Ownership	The site is understood to be owned, at least in part, by Shirebrook Town Council.		
Land Assembly / CPO	Site is believed to be available for redevelopment.		
Timescale for Availability	Demolition currently underway.		
Viability			
Potential for Redevelopment	The site could provide a logical extension to Shirebrook town centre, subject to the site's redevelopment being supported by the market. However, we believe that there are currently only a limited number of operators interested in the town at present, and we would suggest that further research is undertaken in respect of the viability of the site's redevelopment and the likely uses which could be supported.		
Other Viability Issues	Largely greenfield site, with no known issues.		
Wider Context and Other Local Opportunities			
Competing Proposals	We consider that the site represents the next sequential opportunity (after the Lidl site) to improve Shirebrook's offer.		
Other Local Opportunity Sites	Planning permission reference 11/00262/FULMAJ provided for small-scale retail development on the Portland Road and Ashbourne Street car parks, and these sites still offer some potential for redevelopment for main town centre uses (subject to appropriate car parking provision remaining).		
Conclusion			
The Portland Road site provides potential for an expansion to the existing centre in order to accommodate a national operator which could complement the existing provision. Any future planning application should be determined on its own merits with reference to the retail sequential and impact tests, and the Outdoor Playing Space designation.			

Site 3		Market Street, South Normanton	
			
Location	Land adjacent to existing Co-op foodstore to the east of South Normanton town centre.		
Approximate Size	0.9 hectares.		
Suitability			
Existing Use	Open grazing land.		
Key Planning History	No recent planning history of direct relevance to a future redevelopment proposal.		
Site Status	The majority of the site is edge of centre; however, the eastern part is within the South Normanton town centre boundary as defined by the adopted Bolsover Local Plan Proposals Map (2000).		
Potential Site Constraints	The site is of an irregular shape, but the site is most likely large enough to accommodate a discount supermarket, subject to appropriate access being secured.		
Potential Planning Constraints	Well located edge of centre site, which would form an expansion to the existing centre. However, the site is outside the South Normanton settlement boundary as defined by the adopted Bolsover Local Plan Proposals Map (2000).		
Nature of Opportunity	Subject to operator interest, the site represents an opportunity to expand the offer of South Normanton town centre. However, the opportunity is of a limited size and the South Normanton catchment is not that substantial. We note that neither Aldi nor Lidl currently has any identified requirement for the town, which suggests that there may not be operator interest to sustain a further foodstore.		
Availability			
Ownership	The site is in private ownership and has been promoted as a town centre extension site in representations made in response to the Consultation Draft Local Plan for Bolsover District (October 2016).		
Land Assembly / CPO	Site is believed to be available for redevelopment.		
Timescale for Availability	Site is largely greenfield and there are no obvious constraints which would impact on its availability.		
Viability			
Potential for Redevelopment	The site could provide a logical extension to South Normanton town centre, subject to there being sufficient operator demand and the compliance of any proposal with relevant town centre policies (in particular, the impact test).		
Other Viability Issues	We are uncertain as to whether South Normanton could support an Aldi or Lidl. Aldi's growth strategy (as widely reported in the press in 2017) is based on providing a store for every 25,000 to 30,000 persons, which is significantly in excess of South Normanton's population. We also note that neither Aldi nor Lidl currently have an identified requirement for South Normanton. As such, it is unclear if there is operator demand to support an additional supermarket in or around the town centre.		
Wider Context and Other Local Opportunities			
Competing Proposals	We are unaware of any other proposals for significant main town centre uses in the town.		
Other Local Opportunity Sites	The South Normanton Regeneration Framework identifies a number of opportunity infill sites in South Normanton, which appear to principally offer potential for housing.		
Conclusion			
The Market Street site has some potential to provide a future extension to South Normanton town centre subject to operator demand and the requirement for a proposal to accord with the requirements of the key retail tests. However, we have some concerns in respect of the ability of the town to sustain a food supermarket in addition to the existing provision and any proposals to develop the Market Street sites for retail purposes should be carefully considered.			

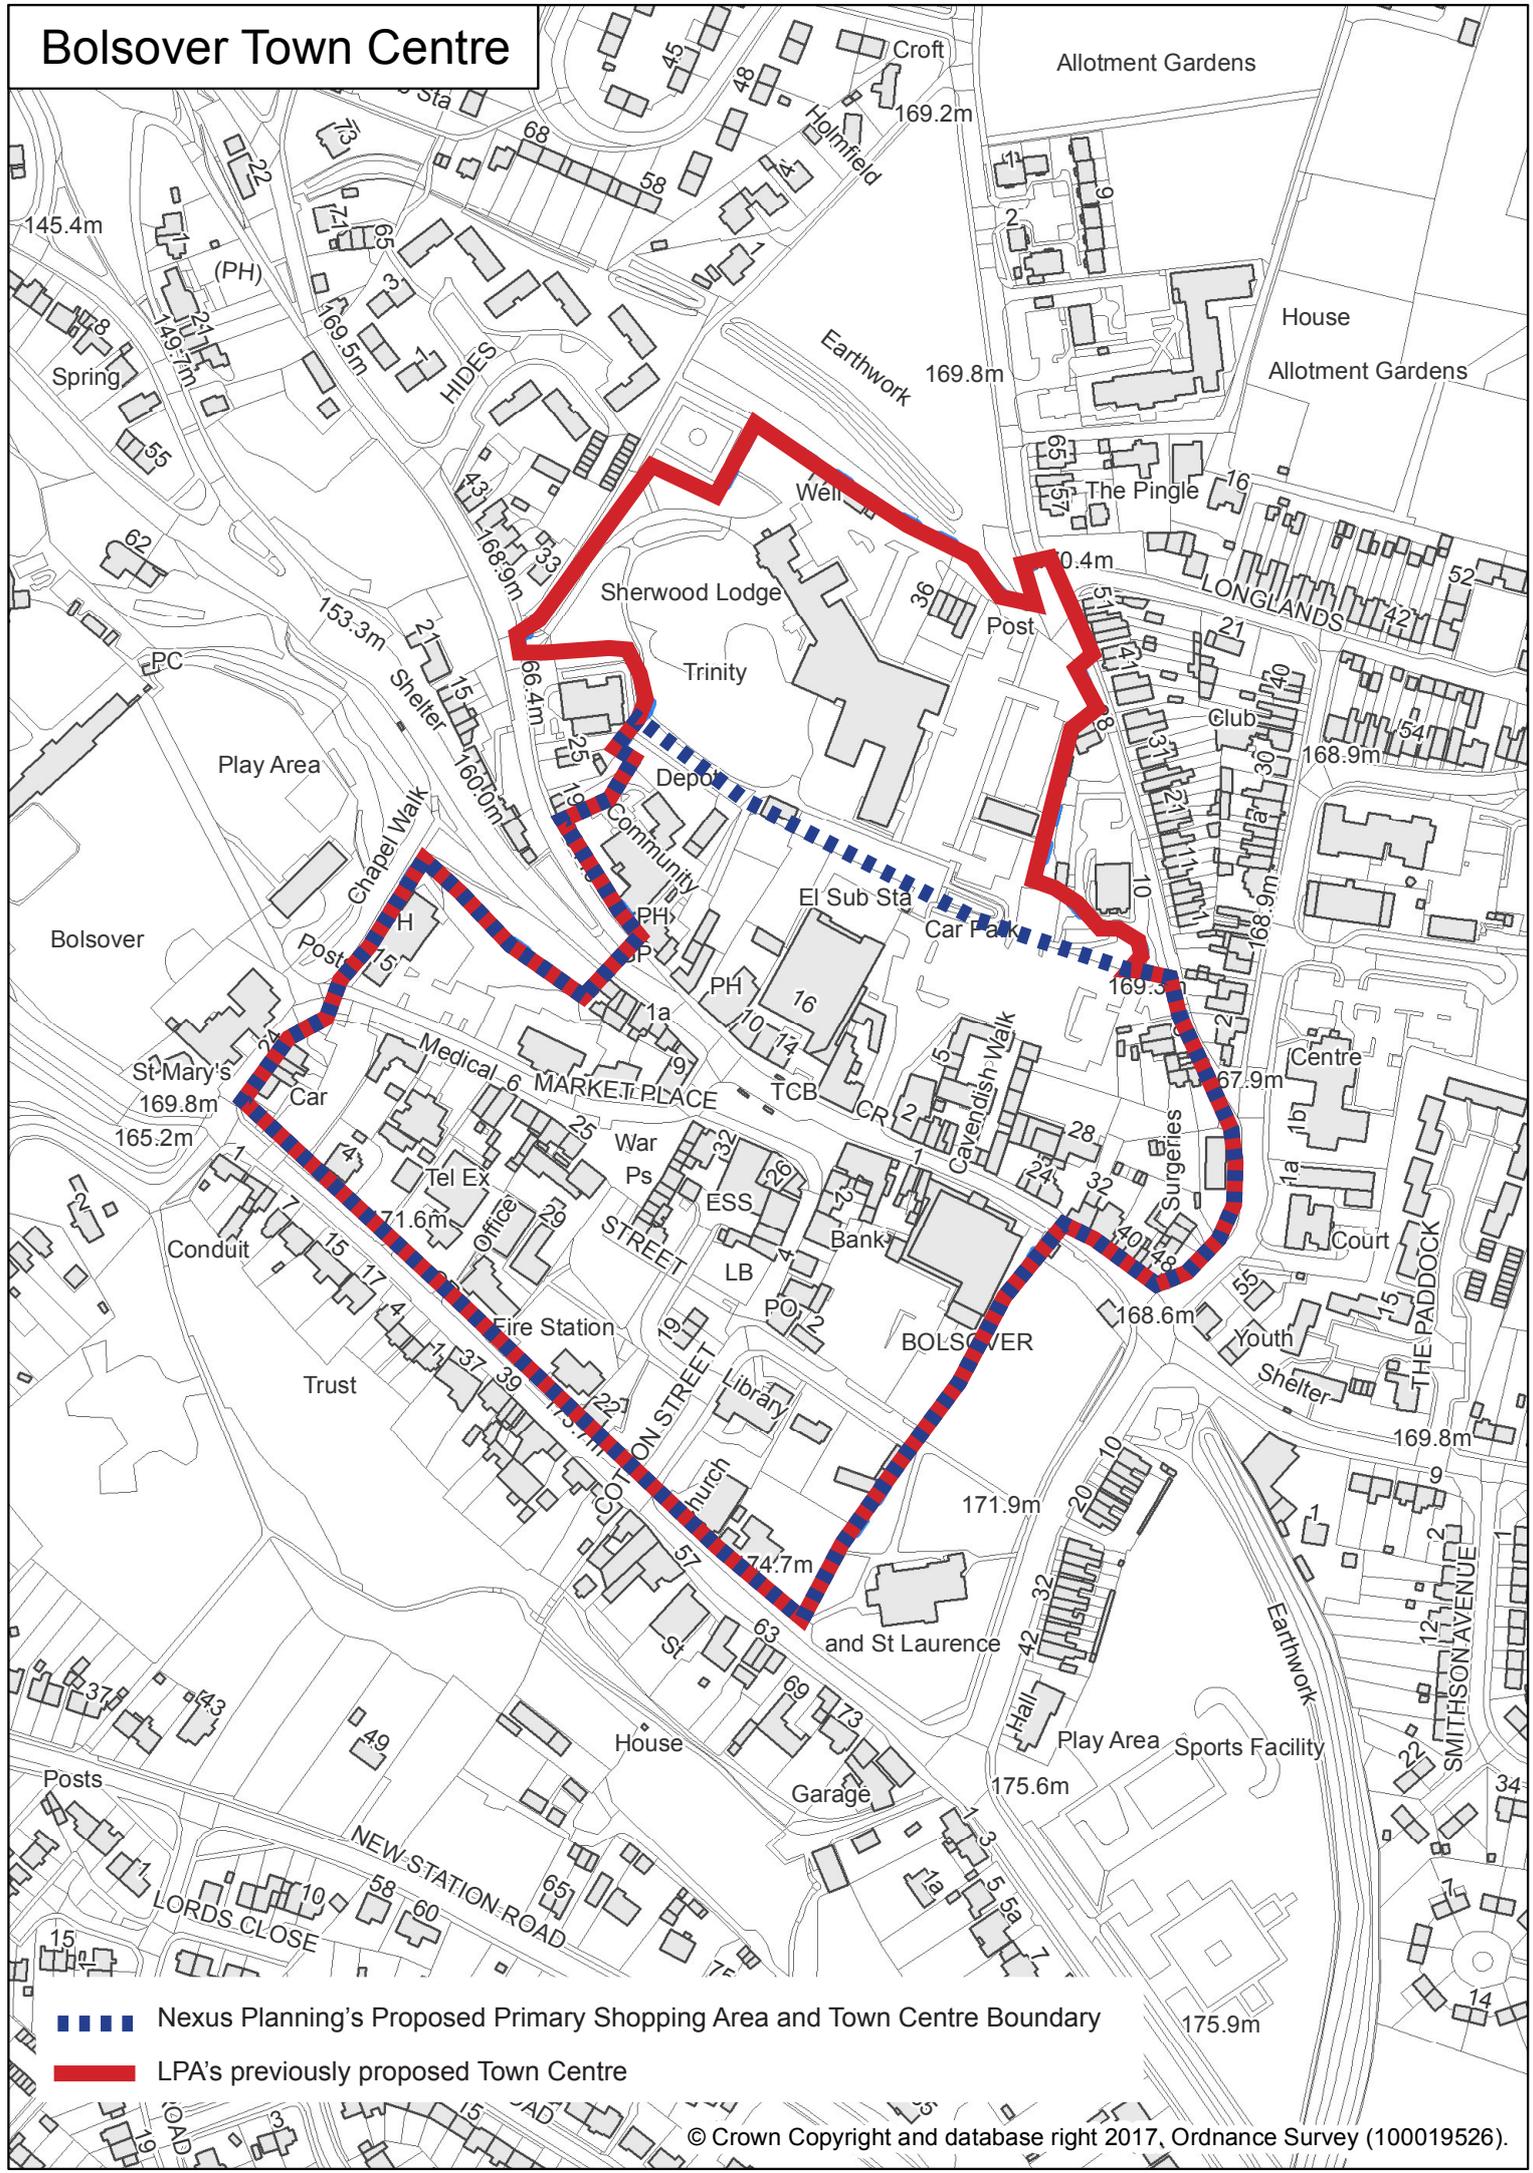

Site 4		Northern Gateway, Chesterfield	
			
Location	Sites takes in land north of Saltergate, and land south of Newbold Road, including Holywell Cross Car Park and the Saltergate Multi-Storey Car Park.		
Approximate Size	5.2 hectares (based on the Northern Gateway Character Area identified in the Chesterfield Town Centre Masterplan Strategic Development Framework of May 2015).		
Suitability			
Existing Use	Various uses, including car parks, commercial units, builders' yards and light industrial units.		
Key Planning History	Planning permission reference CHE/15/00676/FUL provides for the redevelopment of the former Co-op department store at Elder Way (on the edge of the Northern Gateway) for hotel, ground floor retail and food & drink uses, and a basement gym (granted consent on 14 December 2017). Prior approval was granted on 11 September 2017 for the demolition of the multi-storey car park at Saltergate (reference CHE/17/00593/DEM).		
Site Status	The Northern Gateway site is within the Chesterfield town centre boundary as defined by the Local Plan Proposals Map, but is outside the Town Centre Retail Core. As such, we believe the site to the edge of centre for retail purposes, but in centre in respect of all other main town centre uses.		
Potential Site Constraints	The site is made up of a number of parcels of significance, all of which are of a reasonable size and are well located. As such, the Northern Gateway is capable of accommodating a range of main town centre and residential uses, subject to market demand.		
Potential Planning Constraints	Retail development proposals would be the subject of the key retail policy tests.		
Nature of Opportunity	The Northern Gateway Chesterfield Vision (Whittam Cox et al, 2017) indicates that the first phase of development will be to establish an Enterprise Centre on Holywell Cross Car Park, reinstate the Saltergate Multi-Storey Car Park, and develop a highway, pedestrian zones and urban realm on Elder Way and Knifesmthgate. The Northern Gateway Vision also identifies that: Holywell Cross should accommodate office, retail and leisure uses; Newbold Road has the potential to accommodate leisure and retail opportunities; and, at Station Approach there is the potential to create office/hotel space.		
Availability			
Ownership	The site is in a wide range of ownerships.		
Land Assembly / CPO	Many sites are underutilised and, in some instances, vacant. As such, there is an opportunity to work with landowners to bring sites forward to accommodate higher value uses.		
Timescale for Availability	The timescale in respect of the availability and delivery of various parcels will be partly dependent on operator demand.		
Viability			
Potential for Redevelopment	The site provides the key opportunity to materially improve the offer of Chesterfield town centre. A previous scheme focused around a food retail anchor stalled and the Northern Gateway Chesterfield Vision considers alternative appropriate uses for various parts of the site. It is clear that the scale of the opportunity is such that it provides opportunities to accommodate a range of uses and that a mixed-use development (including hotel, office and food & drink uses, as well as retail) provide opportunities for linked trips and a critical mass of activity.		
Other Viability Issues	Large scale development in secondary centres can require public sector funding and we understand that contributions have been secured from both the Sheffield City Region Infrastructure Fund and from the Council itself to bring forward development.		
Wider Context and Other Local Opportunities			
Competing Proposals	The Northern Gateway is the principal opportunity to regenerate the town centre.		
Other Local Opportunity Sites	The Chesterfield Waterside proposal seeks to bring forward a new neighbourhood on a 16 hectare previously developed site to the north of Chesterfield town centre.		
Conclusion			
The Northern Gateway site has the potential to appreciably add to Chesterfield town centre's offer. The Elder Way scheme forms part of an important first phase which will increase activity in the area and potentially increase investor confidence. The redevelopment of the wider site should remain the Council's priority and is of relevance to the determination of future proposals for main town centre uses in the wider area.			

Site 5		'Bridge Street Triangle' Opportunity Site, Clay Cross	
			
Location	Land bounded by High Street, Harris Way, Bridge Street and Eldon Street, Clay Cross.		
Approximate Size	8.4 hectares (based on the opportunity identified in the Clay Cross 2025 Regeneration Framework of 2013).		
Suitability			
Existing Use	Various uses, including builder's yard, caravan sales, retail units and so on. North western part of the site very recently built out as an Aldi foodstore (planning permission reference 15/00668/FL).		
Key Planning History	Planning permission for the Aldi store was granted in December 2015. The wider town centre has been the subject of significant development in recent years in the form of the Tesco Extra development (which opened in 2010), and the Parade development and Clay Cross Medical Centre (which opened in 2012).		
Site Status	The site is edge of centre in relation to the relevant boundaries identified by the North East Derbyshire Local Plan Proposals Map (adopted November 2005). Clay Cross Regeneration Action Plan 2025 (published in 2013) identifies the site as the largest regeneration opportunity in and around the town centre, and indicates that it has potential to accommodate town centre uses.		
Potential Site Constraints	The site comprises a large number of parcels and accommodates numerous businesses. Whilst there is potential to grow town centre uses, site assembly will likely be required.		
Potential Planning Constraints	Retail development proposals would be the subject of the key retail policy tests.		
Nature of Opportunity	Section 4.3 of the Clay Cross Regeneration Action Plan 2025 envisages that the area could support bathroom and kitchen centres, DIY and paint centres, furniture outlets and upholsterers, and white goods sales. In addition, we note that Lidl currently has an outstanding requirement for Clay Cross.		
Availability			
Ownership	The site is in a wide range of ownerships.		
Land Assembly / CPO	Many sites are underutilised and, in some instances, vacant. As such, there is an opportunity to work with landowners to bring sites forward to support higher value uses.		
Timescale for Availability	The timescale in respect of the availability and delivery of various parcels will be partly dependent on operator demand and the ability or willingness of existing operators to find alternative accommodation.		
Viability			
Potential for Redevelopment	The site has the potential to accommodate larger format retail and quasi-retail uses subject to operator demand. Part of the site has recently been developed for an Aldi foodstore and, subject to site assembly, there may be an opportunity on the site to accommodate a further foodstore (Lidl may be the most likely operator given its stated requirement for Clay Cross).		
Other Viability Issues	Site assembly and the potential need to find alternative premises in order to relocate existing business may impact on viability.		
Wider Context and Other Local Opportunities			
Competing Proposals	The Clay Cross Regeneration Action Plan 2025 also identifies land adjacent to the bus station (currently occupied by Iceland, Ladbrokes and Meadowfresh of Chesterfield) and the Derbyshire County Council Social Services car park (on Market Street) as having potential to accommodate town centre uses.		
Other Local Opportunity Sites	St Modwen is progressing its Egstow Park development (including the former Biwater industrial and Egstow Quarry landfill sites) to the north of Clay Cross town centre, which will provide for up to 825 new homes, commercial units, a local centre, hotel and/or care home, and public open space.		
Conclusion			
Clay Cross town centre has changed considerably in recent years and is anchored by the Tesco Extra foodstore. This provision has recently been supplemented through the opening of the Aldi on High Street (albeit this store is less well located to support linked trips with other town centre uses). The Bridge Street triangle site offers potential to accommodate large format retailing or, potentially, another foodstore. Given the site's edge of centre status, proposals for main town centre uses would have to satisfy the sequential and impact tests.			

Site 6		Northgate House and Bus Station, Eckington
		
Location	Land at Market Street within Eckington town centre (including Northgate House and the bus station).	
Approximate Size	0.8 hectares (based on Opportunity Sites 1.3, 2.1, 2.3 and 3.2 as identified by Map 12 of the Eckington Town Centre Development Framework Supplementary Planning Document (adopted May 2012)).	
Suitability		
Existing Use	Various uses, including bus station, retail units, apartments, service area and car parking.	
Key Planning History	A number of planning applications have been submitted in recent years in an attempt to secure permission for the redevelopment of part of the servicing yard for Northgate House for residential and residential development (planning applications reference 15/01233/FUL, 16/00375/FL, 16/00376/FL, 16/00853/FL and 17/00267/FL), all of which have been refused or were withdrawn. The most recent planning application (reference 17/00267/FL) sought to provide four office units and four flats about at a three storey height on Northgate House's service yard. It was refused in July 2017 on the grounds that the proposal would provide a poor environment for future residents of the premises. We understand that the refusal of planning permission is currently being appealed.	
Site Status	The site is in centre in relation to the relevant boundaries identified by the North East Derbyshire Local Plan Proposals Map (adopted November 2005). The Eckington Town Centre Development Framework SPD identifies the site as providing redevelopment potential.	
Potential Site Constraints	The site is in different ownerships. Northgate House is in private ownership and the owner currently appears to be seeking to progress the piecemeal development of the service yard.	
Potential Planning Constraints	The site is located within the Eckington High Street Conservation Area.	
Nature of Opportunity	The Eckington Town Centre Development Framework SPD identifies that 'The replacement of Northgate House with an attractive retail and residential building which compliments the retail core and enhances the quality of the Conservation Area is an essential project which will make a significant contribution to delivering the vision for the town centre.'	
Availability		
Ownership	The site is in a range of ownerships.	
Land Assembly / CPO	Many sites are underutilised and, in some instances, vacant. As such, there may be an opportunity to work with landowners to bring sites forward. However, commercial land value in Eckington is limited.	
Timescale for Availability	The timescale in respect of the availability and delivery of various parcels will be partly dependent on operator demand and the availability of funding to support the site's redevelopment. CPO powers may be required to assemble the site.	
Viability		
Potential for Redevelopment	The site has the potential to accommodate additional retail, food & drink, community and residential uses. Units likely to be of a small to medium scale.	
Other Viability Issues	Land values and the fact that Northgate House is in private ownership may mean that public sector assistance is required to deliver a redevelopment scheme.	
Wider Context and Other Local Opportunities		
Competing Proposals	The Eckington Town Centre Development Framework SPD identifies a number of opportunities in the town centre, including the potential redevelopment of the Market Street car park to accommodate mixed-use development, including small employment uses and associated retail activity.	
Other Local Opportunity Sites	Other opportunities identified by the SPD include public realm improvements, the establishment of a successful Market Place at the heart of the town centre (which would act as a flexible space to encourage activity and movement) and the potential rationalisation and improvement of the civic campus.	
Conclusion		
Eckington's environment is somewhat tired and, whilst the Co-op foodstore brings customers into the area, the store itself does not integrate well with the centre as a whole. The environment provided by Northgate House, its associated service yard and the bus station to the rear is relatively poor and the comprehensive redevelopment of the site could materially improve the offer of Eckington town centre. As such, we recommend that the Council works with key stakeholders in an attempt to bring forward the redevelopment of this key site.
